A hand is shown dropping a coin into a pink piggy bank. The piggy bank is on a wooden surface and has a simple smiley face drawn on its front. A dark blue rectangular box is overlaid on the image, containing the text 'Financial Wellness Defined' in white.

Financial Wellness Defined

A position of health, not wealth

Spending less than you make

Addressing stress by having a plan in place

Controlling your money, not letting
it control you

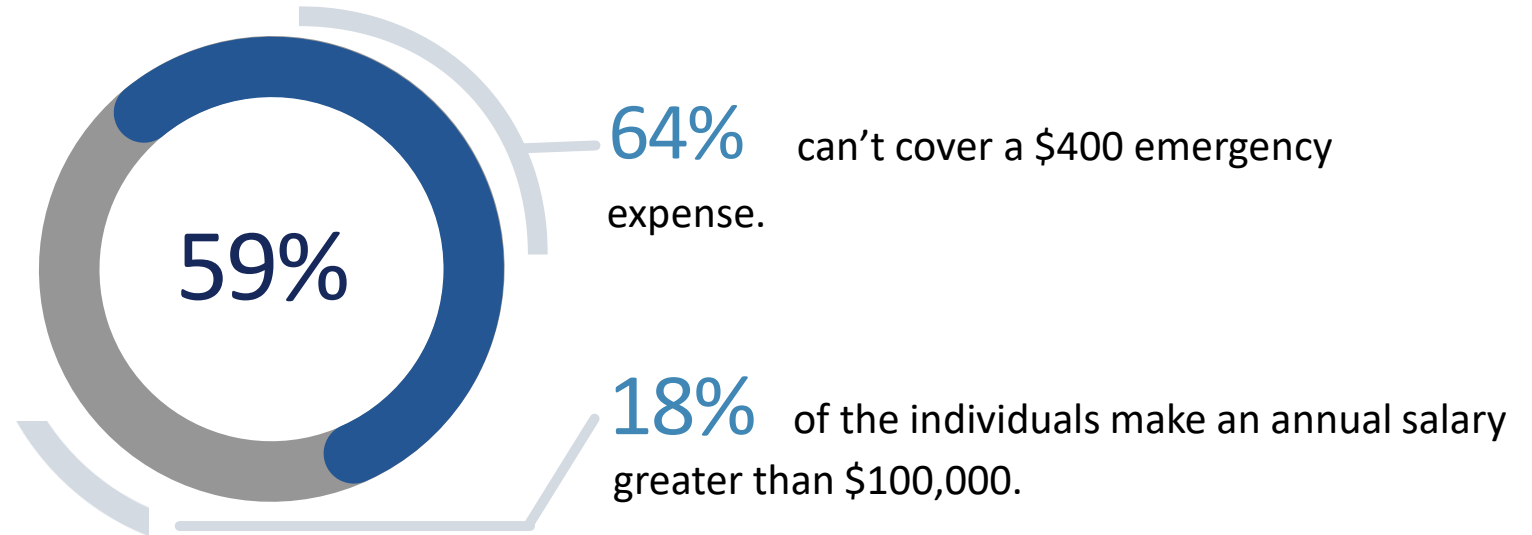

Individual empowerment by having the
knowledge and confidence to
make informed financial decisions

Why Financial Wellness Is Important

Financial matters like these are the top cause of stress, showing a clear disconnect in our interpretation of money and value.

59% of Americans admitted to living paycheck to paycheck.

Manage
Debt

The True Cost Of Debt

Upgrade your
living room and
charge \$5,000

The interest rate is
18% and you just
pay the minimum
amount each month
– 2.5% of the
balance

How long will it take to pay this off?

Over 22 years!

By the time this is paid off,
it would have cost almost

\$12,000 –

more than double what
was originally borrowed!

Eliminate Debt

Debt Avalanche

Focus on paying
off higher interest
debt first

Debt Snowball

Focus on paying off
debt in order of least
to greatest amount
owed

Prepare For
Retirement

What Saving 3% Can Do For YOU

The Average Teacher's Salary in Georgia is \$54,955 = \$4,580/month

If you invest 3% of this = \$137.40

You will only miss about \$112.00 every month

Remember – you are investing \$137.40

\$137.40/month –

20 years at 9% growth = **OVER**
\$87,000!!
